### BATTERY POWERED

Cordless freedom  
for maximum  
productivity

### EXTENDED RUNTIME

Up to 4 hours  
run time\*

### LOW NOISE OPERATION

Ideal for noise  
sensitive  
environments

### EASY TO MANEUVER

Easy to control and  
move around with  
bottom wheels

### MADE IN ITALY

Premium quality  
built to perform

### WITH ALL NEW

Ergonomic  
design

Ergonomic design

Easy release water tank

Heavy Duty Floor Cleaner

Lighter to drive

### T-HANDLE EASY TO MANEUVER

Ergonomic design  
for effortless  
control

### EASY TO USE DASHBOARD

Intuitive controls  
for maximum  
efficiency

### SECURED BATTERY

Enclosure ensures  
uninterrupted  
performance

### X2 STANDARD BRUSHES

Blue brush  
general  
cleaning

## Technical specifications

### Description:

|                                  |                                              |
|----------------------------------|----------------------------------------------|
| Made in                          | Italy                                        |
| Working width                    | 410mm                                        |
| Battery                          | 36V Lithium (13ah)                           |
| Batteries required for operation | 1                                            |
| Battery cycles                   | Up to 1500                                   |
| Run time (Max function)          | 90 minutes                                   |
| Run time (Polishing low speed)   | Up to 4 hours                                |
| Recharge time                    | 4 hours                                      |
| Brush speed (RPM)                | 145 / 175 / 210                              |
| Brush pressure                   | 30kg                                         |
| Clean water tank capacity        | 3L                                           |
