

CUTLASS

30 Litre Carpet Extraction Machine

*a.k.a. **SABRINA-MAXI***

MADE IN ITALY

The **Cutlass** is a professional extraction machine for cleaning medium areas of carpet and upholstery. Its **high-waterlift** vacuum system allows users to recover the maximum quantity of dirt from carpet and to get the shortest drying time. Strong, compact and easy to carry, this 30L unit is ideal for cleaning companies. Its small width makes it particularly suitable for cleaning in trains, buses, cinemas and planes, as well as other common areas such as hotels, restaurants, clubs, pubs, offices, banks, shops, rental companies, theatres, boats, ships and schools.

Comes standard with:
