- Removeable clean water and waste water tanks (6.5L capacity each) for easy filling and emptying without having to carry the whole unit around
- Separate anti-foaming tank
- Max. 1100 Watt power
- Power pump 50 W
- Spray and extraction functions are operated separately
- Rubber castor wheels and large back wheels
- 2.5m suction/solution hose
- 38mm hose | 38mm tools/accessories
- Floor wand (250mm wide) | 3-piece
- Clear upholstery nozzle (105mm wide)
- 7.5m power cord length

Model: **V-SE7**

Clear upholstery nozzle with adjustable spray function

Floor spray nozzle with long extraction hose

Spray and extraction functions can be operated separately

Separate tank allows for the use of anti-foaming agents and guarantees problem free work
